

PVE Neighborhood Watch Code of Conduct for Block Captains

Revision 5a, 5/08/23

Being a Block Captain means that you are a key point of contact between the PVE Neighborhood Watch and your neighborhood. You represent the PVE Neighborhood Watch organization and this Code of Conduct provides the expectations and conduct expected in the role of a PVE Neighborhood Watch Block Captain. This allows us to operate uniformly as we represent the organization and serve our community. We thank you for your service to our community.

PVE Neighborhood Watch Code of Conduct

Personal Representation:

1. I will not represent myself as a police officer or as a law enforcement official or knowingly mislead or make false claims about my role or position as Block Captain.
2. I will be mindful that I am a representative of PVE Neighborhood Watch and will not speak disrespectfully of the PVE PD, City or PVE Neighborhood Watch in public or on social media.
3. When using social media, I will represent myself only and not PVE Neighborhood Watch. I will not respond as a PVE Neighborhood Watch representative to media requests about criminal activities or other events within the City.
4. I will seek to be a good example by complying with laws of our city.
5. I will not use my role as a Block Captain for inappropriate personal, professional, political or monetary purposes. I will seek to avoid conflicts of interest

Interaction with Neighbors:

6. I will encourage neighbors to report crimes to the PVE PD and will not communicate specific information of the parties involved (e.g., name, address, etc.) to others via conversation, email or social media.
7. I will store records (paper and electronic) created during my time as a Block Captain securely. Upon my resignation as a Block Captain, I will provide all my records to my Area Coordinator.
8. I will respect the confidentiality of my neighbors and use their personal information (e.g., email, phone numbers, names, addresses, etc.) only for official PVE Neighborhood Watch activities and will not provide them to any other party.

I acknowledge and agree to comply with this Code of Conduct. If I breach any part of the Code of Conduct, I understand that it may be grounds for termination as a Block Captain and I will discontinue representing myself as a part of PVE Neighborhood Watch.
